Vice-Rectorate for Internationalization

For further details of the information contained herein, please visit the university's website ([www.uclm.es](http://www.uclm.es)) or contact the Vice-Rectorate for Internationalization at the following e-mail address: [Vic.Internacionalizacion@uclm.es](mailto:Vic.Internacionalizacion@uclm.es)

## WELCOME TO THE UNIVERSITY OF CASTILLA-LA MANCHA

Founded in 1985, our University now offers 63 bachelor's degree programmes and 47 official master degrees programmes, all of which are in accordance with the standards of the European Higher Education Area (EHEA). Moreover, the UCLM proffers a wide selection of post-graduate courses and 18 PhD programmes.

Our institution, founded more than 25 years ago, has consolidated itself as a top university within the Spanish Higher Education System. The UCLM holds cooperation agreements and relations with nearly 1000 worldwide academic centers and institutions. This constitutes the perfect frame to let our students and professors go abroad and international students and professors come to UCLM. According to the statistics from 2019-2020, around 1200 worldwide students arrived at the UCLM to start or continue their education. Furthermore, the UCLM also offers Spanish language courses to international students and visitors.

Our institution is pleased to have these international programmes for non-native speakers. Moreover, the UCLM is proud of being able to have the confidence of worldwide professors and students, who each year select the UCLM for different purposes.

The UCLM has a motivated and experienced personnel that will help you to achieve your personal and academic objectives. You will be more than welcome at the University of Castilla-La Mancha. We will be

waiting for you to share some excellent and exchange experiences.

## Study in English

As an international institution that receives worldwide students and has international agreements with more than 1100 international institutions and organizations, the University of Castilla-La Mancha is clearly committed with its internationalization. In order to keep and increase this process, the UCLM has been working sternly on an internationalization strategy that will permit to improve and consolidate the UCLM position at the international tertiary education stage.

The aforementioned internationalization strategy is composed of numerous actions such as; the “Study Abroad Programme”, the Spanish courses for foreigners, the promotion of the UCLM, international initiatives and, obviously, the teaching in English.

From the UCLM, we understand perfectly the importance that Education in English has for our international status and reputation. Whereupon, we have started to develop an ambitious program towards the organization and implementation of teaching knowledge in English. So far, we have been able to reach a vast range of subjects taught in

English and we are still making a great effort to implement bilingual bachelors and master degrees and even some exclusively taught in English. In addition, the UCLM is developing a catalogue of subjects of the official degrees assigned as “English Friendly”, with the intention to facilitate the international students the class materials in English. Not only includes the possibility of performing English, but also the possibility of performing progress test and examinations in English, if they choose it.

The “English Friendly” program involves the voluntary commitment of the professorship to improve the monitoring of the classes by the international students. As well, it promotes the internationalization for the Spanish students with supporting documents for the study of the UCLM subjects in English.

In short, at the UCLM, international students will be capable of studying numerous disciplines of diverse fields of knowledge in English.

## Contact information

### International relations

The International Relations Office (ORI) and the Vice-Rectorate for Internationalization handle all international issues for the University of Castilla-La Mancha (UCLM). In this way, they are committed to facilitating relations with other international institutions of higher education and fostering international study and teaching opportunities among the university community.

Furthermore, they work to establish different international exchange programs for students, researchers, professors, and university administrative staff. In the case of students, such programs give them

the opportunity to take some academic credits of their degrees in those foreign academic institutions with which University of Castilla-La Mancha has signed an exchange agreement.

# CAMPUS OF TOLEDO

Located in Central Spain, Toledo is the Capital City of the Autonomous Region of Castilla-La Mancha. Nevertheless, this is not the most relevant fact on this magnificent city. Toledo is also known as the “City of the Three Cultures” because Muslims, Jews and Christians lived together peacefully in this city for so many centuries, leaving their indelible trace on Toledo's streets, landmarks and monuments. Back in 1986, UNESCO categorized the old town of the city as World Heritage City. In brief, Toledo is a city that assembles together equally modernity and tradition.

The UCLM has consolidated its position in Toledo with two campuses that represent at their best the soul and spirit of the city. On the one hand, the “Old Town” campus, which is composed of the Faculty of Jurisprudence and Social Sciences and the Faculty of Humanities, perfectly represent the historical and cultural heritage of Toledo. On the other hand, the “Fábrica de Armas Campus” (Campus of Weapons Factory in English) symbolizes in an excellent manner the fusion of traditional heritage with a Science-Technology Campus. With around 7,973 students in accordance with 2021 statistics, the facilities of the Campus of Toledo are equipped with non-polluting alternative energies and with cutting edge, technology that let the UCLM proffer the best educational and training opportunities to our students.

On the UCLM Campus of Toledo, students can study not just a Bachelor's Degree in numerous disciplines such as Humanities, Architecture, Engineering or Jurisprudence, but also complete and enlarge their education and employability by means of the post-graduate courses and Master's Degrees and internships at public and private companies. This is all possible thanks to the UCLM's strategy to connect the theoretical knowledge acquired at faculties with the experience background that can only be learnt in the workplace.
